

## REACH

### REACH Regulation (EC) No 1907/2006

Ex-Eltronics are committed to supply product in compliance with EU "REACH" regulations and any subsequent amendments made thereto.

Both Ex-Eltronics Incorporated and Ex-Eltronics (UK) Limited review of the product supplied and based on information obtained from our vendors, it is to the best of our knowledge that products are currently supplied in compliance with the requirements of the European Chemicals Agency (ECHA) under the provisions of Regulation (EC) No. 1907/2006 "REACH" and it is extremely unlikely that any product supplied by Ex-Eltronics would contain substances, preparations or articles defined by "REACH" and in the remote possibility of such an occurrence, then those products would not even approach the quoted threshold of 1 tonne per year.

Furthermore, Ex-Eltronics will immediately inform a customer when notified or if such information is brought to our attention by a supplier of any product supplied by them containing > 0.1% by weight of product of any Substance of Very High Concern (SVHC) as listed on the current European Chemical Agency (ECHA) "Candidate List of SVHC's" and Annex X1V of the "REACH" regulation (Annex X1V Substances drawn from the Candidate List).

It is therefore our understanding that registration under REACH is not required. Should any further detail be required beyond this Policy and the provision of manufacturers statements, this needs to be referred to the Original Equipment Manufacturer accordingly.

## ROHS

### Restrictions of Hazardous Substances (RoHS) statement

Ex-Eltronics are committed to Health, Safety and Environmental Compliance. The RoHS directives state that electric and electronic product (EEE) put on the European union Market relate to restrictions on the marketing and use of certain dangerous substances and preparations.

Ex-Eltronics fully rely on information provided by our vendors, and we work closely with the supply chain to ensure our products meet RoHS requirements. The current RoHS status of product is shown on delivery documentation where known / applicable
